- Along with their academic achievements, the profile will be used to determine their admissibility to UBC's undergraduate programs.

- There is no separate application for entrance scholarships and awards so the online application is the only opportunity for them to tell UBC about themselves. This is their opportunity to shine!

- Focus less on listing and describing activities. Focus instead on what they have learned through these experiences. Their answers need to show self-reflection.

Overview

Why are you motivated to join our business program? In addition to your academic grades, we'd like to get a full picture of who you are through your supplemental application.

The supplemental application is an opportunity for you to introduce yourself to us. This is your chance to highlight any work, leadership, academic, volunteer and/or life experiences. How have these experiences helped you to learn, develop and grow? We encourage you to use examples: from the classroom, club or recreation activities, at work, through personal experiences or in community endeavours.

Use your supplemental application to reflect on who you are, what you've accomplished and where you want to go. What inspires you, and how can the Gustavson BCom program be your launching pad? Think about your future goals, and how the BCom program will contribute to your success.
