

Take Two Effort Award Scholarship

Outline

Take Two is a small company with big dreams. Our reputation and success can be 100% attributed to the amount of effort and passion we put into our work daily. The purpose of this award is to recognize an individual who is passionate about what they do. A person who puts their best foot forward every day, and whose level of energy is noticeable to others. We want to remind you that EFFORT itself is absolutely enough to fulfill all that you strive to accomplish. Specifically, we are looking for a student who has displayed this passion and effort especially within their local high school community. This award is not about achieving the most, but rather about trying the hardest, being involved, and doing your best. This involvement could be in various areas including (but definitely not limited to) athletics, the arts, academics and/or volunteer work.
